## Varied Fluency <br> Step 2: Draw Line Graphs

## National Curriculum Objectives:

Mathematics Year 6: (6S1) Interpret and construct pie charts and line graphs and use these to solve problems

## Differentiation:

Developing Questions to support drawing line graphs with 1 set of data. Axes in multiples of 2,5 and 10 . All axes labelled on templates.
Expected Questions to support drawing line graphs with 1 or 2 sets of data. Axes in varying scales. Most axes labelled on templates.
Greater Depth Questions to support drawing line graphs with 2 sets of data. Axes in varying scales. Axes not labelled on templates.
