13th March 2025

Dear Families,

Spring has sprung and lots of joyful learning with it! Thank you to everyone who came to pancake racing, from the joyous reports and photos, much fun was had by all! Since then we have had the trip to Oxford Botanical gardens and tomorrow to Think Tank in Birmingham, with further visits to Holdenby House and Bletchley Park for the older children linked to their World War 2 and Code Breakers projects. We will be commemorating the 80th Anniversary of VE Day later in the year too and will keep you up to date with details of all these activities and chances for you to come and share learning with the children. The teachers have now updated each class webpage with information about this term's learning and ways you can support learning at home. We also update the class Blog page and social media feeds each week – remember to take a look, it will give you an eye on your children's learning. <https://www.wroxtonprimary.co.uk/>

We are now in the second half of the year and we have been looking at the great progress the children have been making and how to utilise the teaching team and support staff to have the biggest impact on the children's progress for the rest of the year. To this end, we are really pleased to say Mrs Blunden's husband is doing well and she is now taking the majority of the teaching time in Kites so that Mrs Di Giorno can spend significant time with Year 6 in dedicated preparation for their end of year assessments and getting ready for secondary school. Our Year 1 children in Eagles class are growing up fast and are now having their main English and Maths lessons with Mrs Ruffle in Kestrels everyday giving Mrs Jennings even more focused time with our youngest children in Reception. We will be sending out invitations for parental consultations during the last week of term in a week or two's time. This will give you a chance to catch up with your children's teachers and look at the progress they are making.

Our school football team will be in action in the coming months, we had our first boys match against Hanwell Fields yesterday and had a great win for our team. Next week is the first round of the derby with our friends at St Mary's. Do come along and support everyone. The children have been working hard to develop not only their skills but also their teamwork and how to represent our school and its values at all times. We wish them luck and hope that they will be well supported by family and

friends at the fixtures. We do remind everyone that it is a team effort and loving our Vision at these events is paramount, its lovely to win, but healthy sportsmanship is key. Please note, all spectators must be respectful to all players, coaches and referees and any intolerance, challenge or interference could lead to players or spectators being barred from future fixtures.

You may remember we had a visit from the inspectors at SIAMS, the church school inspection authority in the Autumn. Due to circumstances completely beyond their control or ours, this process was never completed and so they are coming back to visit us again on Monday 17th March. You will receive more information about this alongside this newsletter.

Mrs Ruffle is working hard as ever with Friends of Wroxton to organise some lovely events in future weeks. On 27th March we will be holding an Easter Fair and the annual Wroxton Bake off. A non-uniform day on 20th March will be looking for donations for the tombola, keep an eye out for the information.

Thank you so much for your support in signing up to the My Child at School parent App. We know that one or two people have had teething problems, but we are all up and running now.

Kind regards,

Mrs Woods and the Wroxton Team

Below is an updated list of dates for your diary. Some may have changed, and others been added, so please check carefully.

There are also the academic year dates for 2025-26. Please make a note of them and remember, they may be slightly different to the other schools locally.
